Put your heals together. Point your toes out. Waddle side-to-side. You're a penguin now.
Walk it like penguin. Walk it, walk it like a penguin. (Hey!)
Walk it like a penguin. Walk it, walk it like a penguin (Penguins sound). (x3)

Penguins make noises. But they don't cluck. This time around, it's time to be a duck!

Squat down low. Point your elbows out. Flap them back and forth. You're a duck now.
Waddle it like a duck. Waddle, waddle like a duck. (quack!).
Waddle like a duck. Waddle, Waddle like a duck.

Ducks move fast when chased by dogs. What's that I hear? It's time to be a frog.

Squat down low. Jump up and down with it. You're a frog now. Let me hear you ribbit.
Jump it like a frog. Jump it! Jump it like a frog. (ribbit)
Jump it like a frog. Jump it! Jump it like a frog.

Use your tongue to catch a fly, a frog's favorite dish! Frogs share the water with lots of fish!

Let me see your fins. Move them so you swim! Use your tail to glide! Through the water slip and slide!
Swim it like a fish. Swim it! Swim it like a fish! (splash)
Swim it like a fish. Swim it! Swim it like a fish! (splash) (x2)

Some animals walk. Some animals swim. Some animals jump. (What) That's the end!
