Track 12: The Clean Up Countdown

Boys and girls, the clock has started. You have five minutes until it's time to clean-up.

We've been playing at centers.
You've been working so hard.
But our time is almost up.
We must move on.
So, finish what you're doing now.
Or store it away! (Store it away!)
You only have 4 minutes left!!
It's the clean-up countdown.
The clean-up countdown!

Sometimes it can be tough.
To stop what you're doing.
But please don't get upset.
It won't get ruined.
You can finish it later on.
Or play with it again!! (Play with it again).
But we're about to put everything away!!!!
It's the clean-up countdown!!
The clean-up countdown!

Some might start to clean up.
Like blocks and puzzles.
They have lots of pieces.
Be sure to get them all!
Go hang up your artwork.
So it can dry!! (So it can dry!)
You only have two minutes left!!
It's the clean-up countdown!!
The clean-up countdown!

Instrumental Break

"Ladies and gentleman, this is your captain speaking. We're about to countdown the last 10 seconds of this song, then it's officially clean-up time. 10,9,8,7,6,5,4,3,2,1!"

Let's all clean-up now!
