Half Entertained Album Track 7: Poop and Pee

Hey yeah!!! I gotta poop. Baby.

CHORUS:

Poop. Poop and pee. Poop and pee. Poop and pee in the potty. (x4)

Here I go, here I go, here I go again.
Going to the bathroom not in my pants.
I'm making my way cause I listen to my body.
It tells me when I have to go potty.
I pull down my pants and jump on the throne.
I'm going to the potty all on my own.

Chorus (x2)

When I sit on the toilet sometimes I gotta wait.
I know it's on the way, but It's coming in late.
It might help to sing a little song
Or look at a book while sitting on the John?
After I wait, I may give a little push
Before #2 comes out of my tush.

Chorus (x2)

When I'm all finished, I have to wipe.
Make sure not to get too much paper this time.
5 squares are enough now fold it twice.
Wipe, fold, then wipe again make sure not to get poop on the rim.
You need another round if you see brown.
But it's time to put that first piece down.

Chorus (x2)

When you've wiped enough.....give it a flush.
Washing your hands (yeah!) is a must.
Hygiene is important, don't misunderstand.
Wet, lather, scrub, rinse, and dry those hands.
Walk out of there all nice a proud.
You used the potty, now scream it loud.

Chorus (x2)
